

p.s. dupont elementary school

Wilmington, DE

“The less we spend on floor care products, the more we’re able to spend on education.”

John Read, Construction Manager,
Brandywine School District

P.S. duPont Elementary School in Wilmington, DE, is part of the Brandywine School District and is home to approximately 750 students enrolled in early childhood/kindergarten programs and grades four, five and six. Originally built in the 1930s, the school has a rich tradition that designers and school officials sought to preserve throughout the renovation. At the time, the two-year, \$44-million renovation of the elementary school was the largest renovation project in Delaware state history.

Challenge: Create a healthy and productive environment for students, while preserving historical elements and saving the school district time and money with its maintenance and upkeep efforts.

Project Requirements: Low maintenance, Good acoustics, Durability, Life-cycle costs

Flooring Solution: noraplan environcare™

Architect/Designer: ABHA Architects, Wilmington, DE
