- 68 Carpet Tile
- 136 Walk Off
- 140 Stair Treads

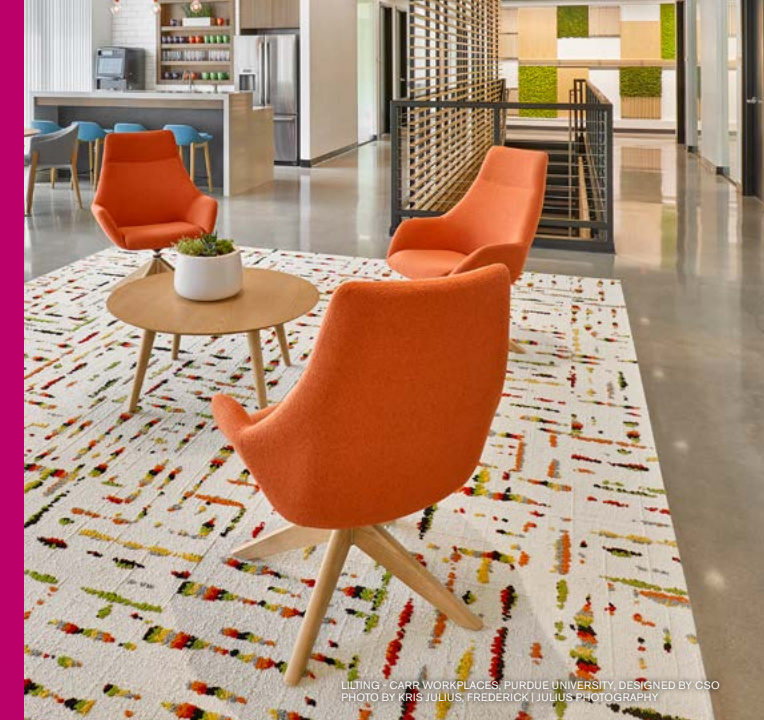

Interface makes it easy to address your institution's unique flooring needs with an integrated system of carpet tile, LVT, and nora rubber solutions. This combination of products can foster both collaboration and individual productivity — wherever your students work, play, or live.

Interested in additional design considerations? We've got you covered. With FLOR®, you have more options — bolder, more colorful, and on-trend residential looks with commercial-grade quality, perfect for area rugs or accents in classrooms, libraries, or living spaces.

You understand the value of an education, and so do we. Our flooring consultants are ready to help you make an informed decision about the right type of flooring product for your budget, all without compromising design, performance, or sustainability.

LITING: CARR WORKPLACES, PURDUE UNIVERSITY, DESIGNED BY CSO
PHOTO BY KRIS JULIUS FREDERICK | JULIUS PHOTOGRAPHY

It's also easy to make the most of your budget with Interface products included in both local and national purchasing contracts. We've even noted which products are QuickShip-ready so that you can meet even the most aggressive timelines.

**ONE MORE
EXAMPLE OF
WHY WE'RE
MADE FOR MORE™**

STAND OUT

©Scott Pease/Pease Photography

© CR-BEELDWERKEN

Whether you're planning a new state-of-the-art facility or updating an existing one, flooring is key in reflecting your institution's culture and brand.

It should also be designed to last. That's why all Interface products are designed to withstand the demands of daily activity—whether in science labs, libraries, athletic spaces, or cafeterias.

The best part? Our flooring requires little downtime for installation and provides ease of maintenance throughout the life of the product.

& STAND UP

CAN A FLOOR BE MORE THAN JUST A FLOOR?

We understand the impact that flooring can have on students and faculty. Our products withstand the unique demands of today's education buildings while positively influencing staff retention and encouraging student productivity and success.

Streamlined installation and maintenance protocols help to lower costs over the life of the product. We educate and consult with clients on how to get the most out of their purchase.

Our selection of modular products offers flexibility to address both current and future needs, all while staying within your budget.

Many of our products are certified to lower VOC emissions, which can reduce triggers that exacerbate asthma—the #1 cause of absenteeism. Air quality makes a difference, and Interface understands how important it can be.

Colleges and universities are busy places, and they can be quite loud. That's why Interface is proud to provide solutions to improve both presentations and performance, with flooring specially designed to reduce noise.

OUR CARBON PLAN IS SIMPLE

avoid
reduce
store
inspire

Did you know that flooring can be the most significant source of carbon emissions on a campus? Interface is committed to making the world our students are preparing for a better place, and our free consultations can help you create and implement your own unique low-carbon design.

When you choose flooring from Interface, you're selecting a single-source solution that will reduce your carbon footprint and contribute to a better-built environment for students and staff.

Students have trusted you to prepare them for the future. Shouldn't you have that same future in mind when selecting the flooring they'll use to get there?

HEALTHY & SUSTAINABLE OPTIONS FOR EVERY BUDGET

- Our ReEntry™ Program enables reclamation of used flooring and installation waste.
- Interface flooring products are third-party certified for low VOC emissions through Green Label Plus, GREENGUARD Gold, or FloorScore® and contribute to improved air quality.
- Many Interface products incorporate biophilic design, bringing elements of nature into the classroom and contributing to stress reduction and enhanced learning outcomes.

© ELMAR WITT

Sustainability is at the heart of our business. We've been pioneers in sustainability for over 30 years because we know we all benefit from valuing the earth we live, work, and play on.

let's plan for a better world, together

DEADLINE

QUICKSHIP

When you need flooring faster than holiday breaks come to an end, Interface QuickShip has you covered. QuickShip includes a range of Interface and nora flooring that meets design and performance needs in learning environments. Before classes are back in session, tackle your fast-paced projects, knowing you didn't compromise on style, function, or your budget.

For a full list of available products & shipping speeds visit interface.com/quickship or nora.com/quickship.

FLOR

As the specialty design brand of Interface, FLOR has been bringing premium rugs to residential and commercial spaces since 2003. FLOR carpet tiles are beautiful, easy to install, and sustainably sourced. Our innovative area rug solution is the perfect design accent for amplifying your brand in high-profile collaborative spaces throughout campus.

FLOR rugs have all the performance benefits of Interface products and come with a 15-year warranty, so they'll get the job done for years to come.

All FLOR products integrate with Interface's flooring system. Bringing together carpet tiles and resilient flooring to create unlimited design options and beautifully considered spaces that deliver a consistent level of performance that you'd expect from Interface.

YOUR DESIGN PARTNER

WE MAKE
FINDING
DESIGN
SOLUTIONS
EASIER WITH
INTERFACE
DESIGN
STUDIO.

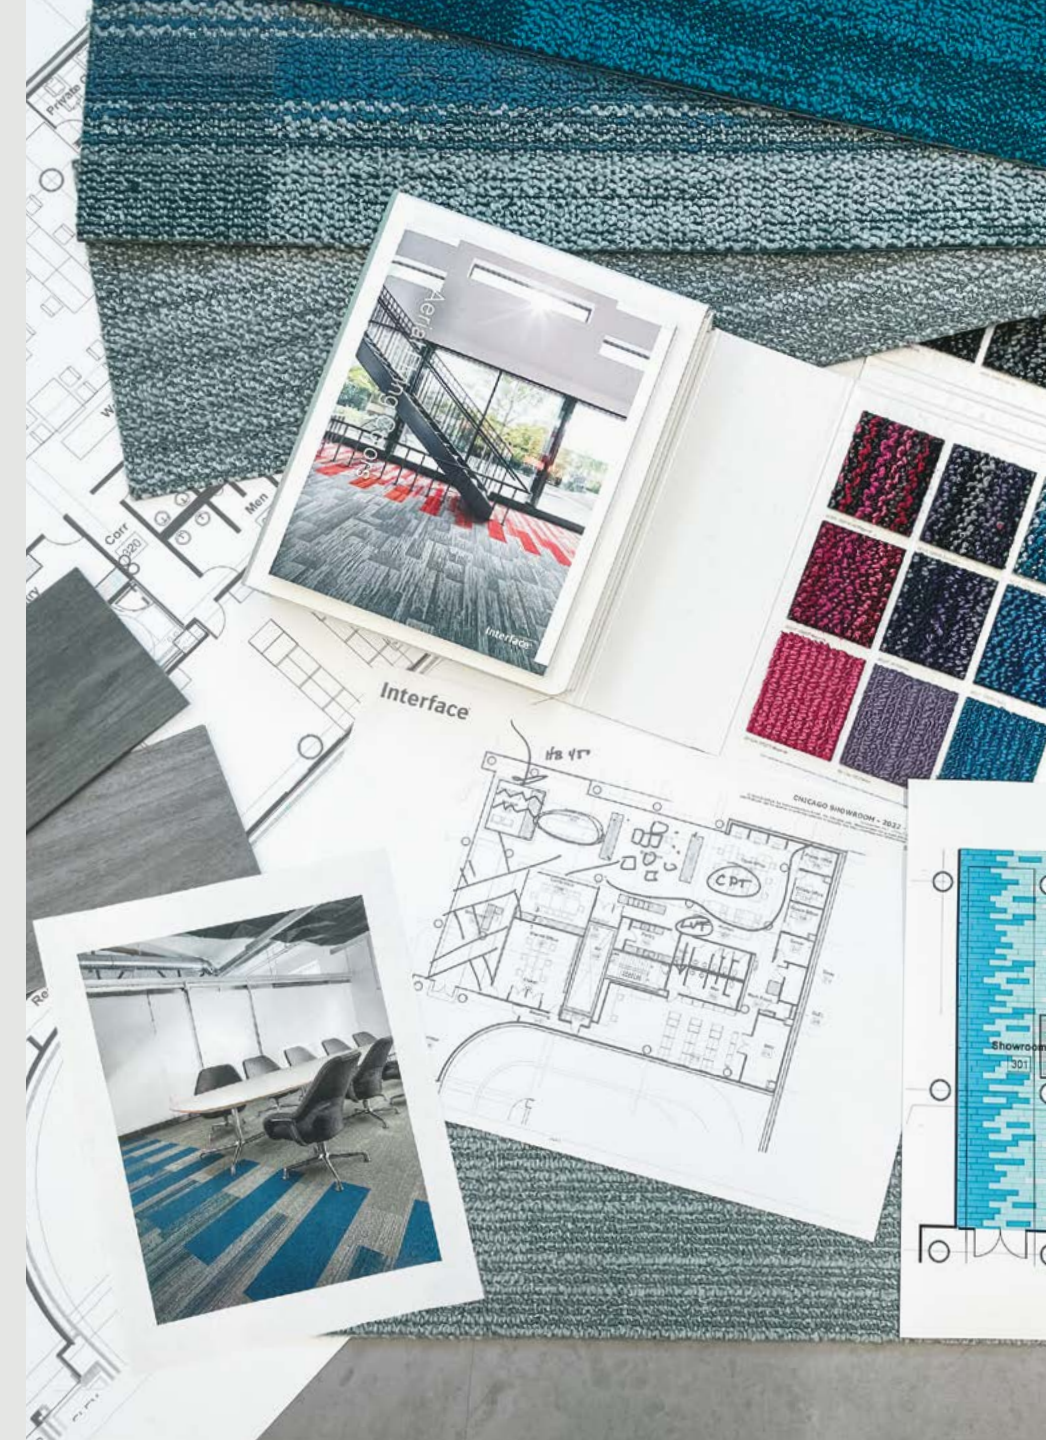

Our expert designers know all our product categories inside and out—and their services are complimentary.

From concept to completion, they can work closely with you to create distinct designs that meet your vision and budget no matter how large or small the project. The to-scale floor plan layouts can project overall waste and act as an installation guide for the flooring contractor. Plus, they include the embodied carbon calculation, making it easier to design with carbon footprint in mind.

Just contact your sales rep to get started.

NORA RUBBER

Flooring that's so durable it can last for decades—and still look good—is a must-have for any education environment. nora rubber does just that and more.

MADE FOR TEACHING & LEARNING

- Helps to reduce the incidence of slips, trips, & falls
- Combats staff fatigue by providing comfort underfoot
- Offers impact sound reduction of up to Δ IIC 23
- Floor coverings and adhesives are GREENGUARD Gold Certified for low VOC emissions

MADE FOR EASY OWNERSHIP

- Dimensionally stable with a non-porous and highly dense surface for a long-lasting floor that is easy to own.

Maintenance

- Cleans easily with little more than water
- Highly resistant to chemicals and stains
- Scratches can be remediated & larger damage is repairable
- Doesn't require coatings
- Moisture resistant systems, including adhesives, available

Installation

- The nora® nTx™ installation system combines standard nora floor coverings with a self-adhesive layer for even easier installation

MADE FOR ENVIRONMENTAL STEWARDSHIP

- Cradle to Cradle Certified® Silver on some nora rubber products

LUXURY VINYL TILE

With Interface 3.0 mm or 4.5 mm Sound Choice™ LVT, it's easier to choose the right flooring for different areas of your school.

To ease installation and maintenance, both options have a durable UV-stabilized ceramic bead finish and provide options for no transition strips when paired with our carpet tile or nora rubber.

Choose from a variety of planks and squares to see the design vision for your campus come to life.

	4.5 MM SOUND CHOICE	3.0 MM

CARPET TILE

Our modular carpet has the comfort and style you love about soft flooring with the flexibility of tile. We've been perfecting it for more than 50 years.

MADE FOR CAMPUS LIFE

- Design Flexibility: Extensive selection of patterns, colors, and sizes ideal for focus, collaboration or community spaces

MADE FOR RESILIENCE

- Stable Backing System: keeps tiles in place and flat on the floor
- Durable Construction: premium recycled content nylon fiber withstands heavy traffic
- Resistant Fibers: solution-dyed to endure harsh substances like bleach or hand sanitizers
- Intersept™ Technology: our proprietary preservative, permanently incorporated into the backing to protect carpet tiles against mold growth and odor—even at the seams
- Eases Installation & Replacement: glue-free TacTile® installation system for most backings, with full-spread adhesive recommended for areas with heavy rolling loads
- Selective Replacement: i2™ styles with mergeable dye lots for easy and selective tile replacement
- Moisture Resistance: systems, including adhesives, available

MADE FOR REDUCING YOUR IMPACT

- Recyclable: GreenCircle® certified recyclable through our ReEntry™ program
- Low Carbon Footprint: Interface carpet tile has the lowest carbon footprint in the commercial flooring industry, before any offsets.

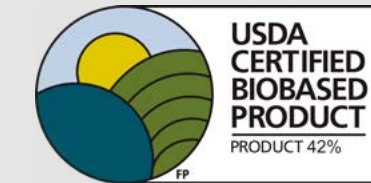

CQUEST™ BACKINGS

Our innovative CQuest™ backings offer superior performance and a low carbon footprint, and Interface modular carpet on the following CQuest backings meet the USDA Certified Biobased Content Federal Purchasing Requirements for carpet.

CQUEST™GB

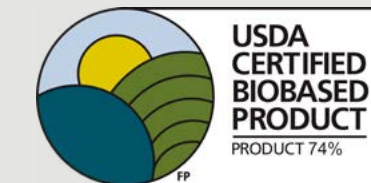

- Made with post-consumer carpet tiles, bio-based additives, and pre-consumer recycled materials

MODULAR CARPET ON CQUEST™GB

CQUEST™BIO & CQUEST™BIOX

- Incorporate biobased and recycled content and are free of PVC and antimicrobials
- Interface modular carpet on these backings is Cradle to Cradle Certified® Silver.

FLOORING EXTRAS

FROM ENTRYWAYS TO STAIRS AND MORE

When we say we have an integrated system of products for EVERY space, we mean it. That includes walk-off products for entryways, nora® stairwell solutions, and a range of accessories for norament® and noraplan® floor coverings to complete the perfect floor.

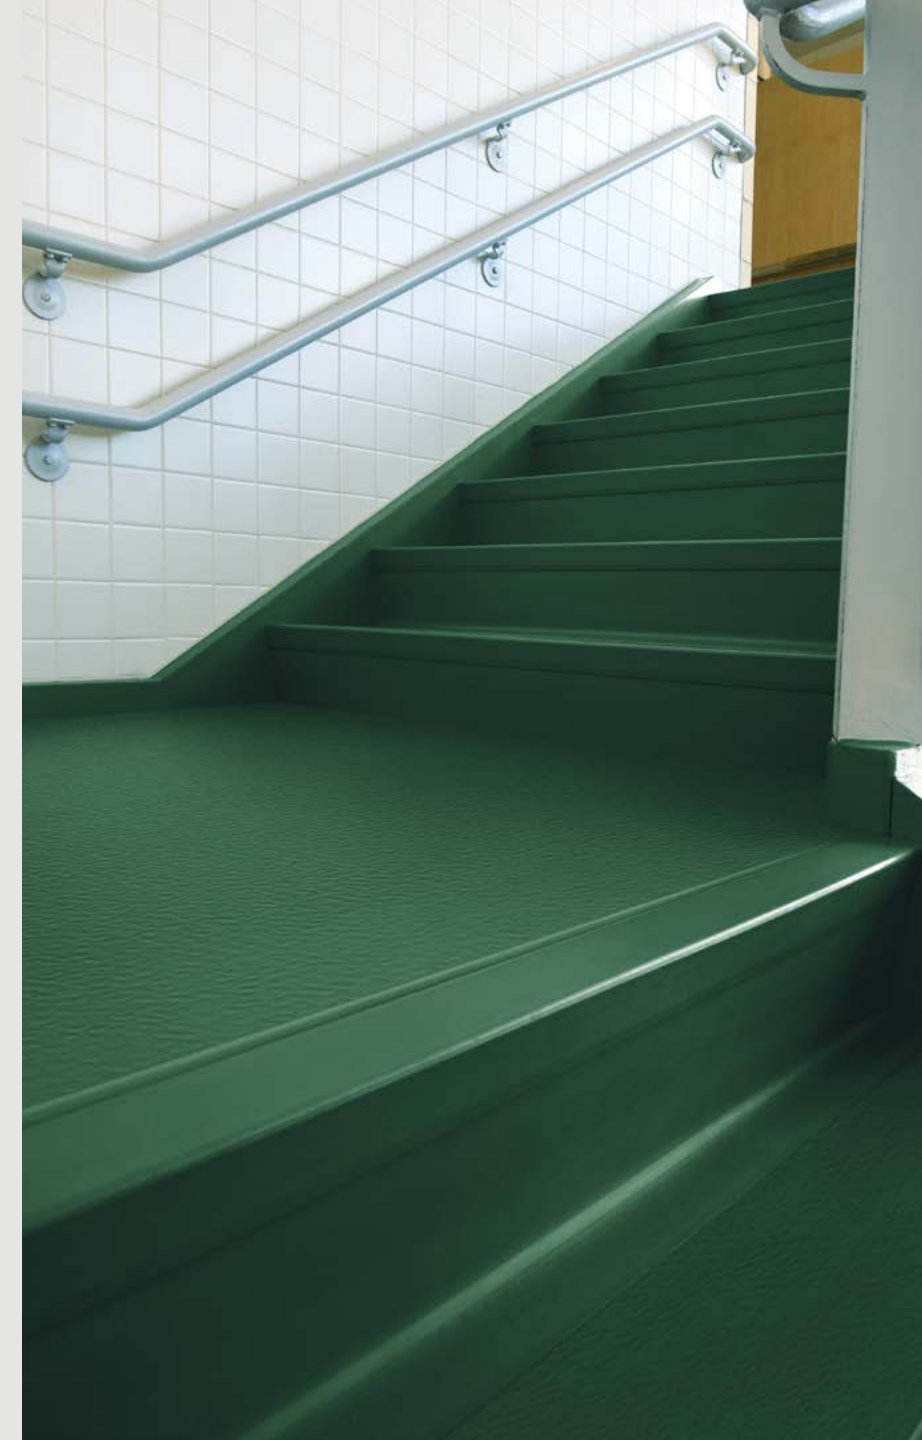

INTERFACE WALK-OFF CARPET

- Unlike most walk-offs, ours can be cleaned just like carpet, making it ideal for entryways and high-traffic areas
- Stiff fibers in our Step Repeat™ Collection grab dirt and debris before it's tracked inside, trapping it until it can be vacuumed later
- Interiors stay fresher, creating a better indoor environment with reduced maintenance

NORA STAIRWELL SOLUTIONS

- Fast installation with decades-long endurance against heavy traffic
- norament® stairtreads offer a pre-shaped stair nosing, riser and tread all-in one piece
- nora® stair nosings use a slide-in lip to lock in noraplan and norament floor coverings for installation on all types of staircases
- nora® visually impaired strips offer added safety and accessibility with a photoluminescent option available on request.

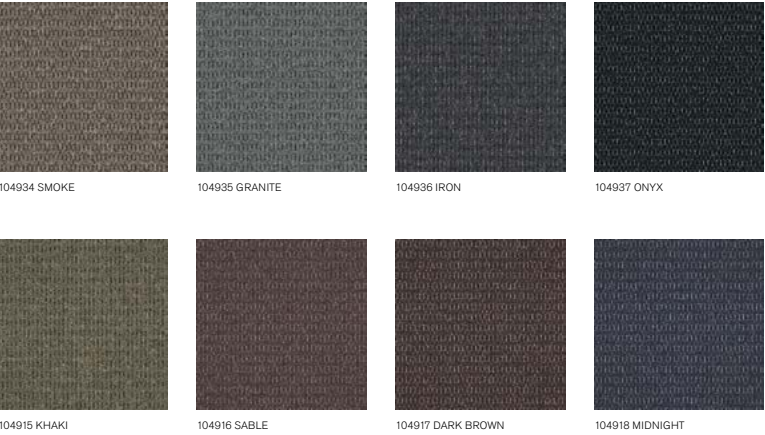

Find more finishing details for your floor, including coordinating wall base, weld options, and installation materials on nora.com.
