

nora[®] dryfix

the quick, easy and environmentally friendly installation tape system

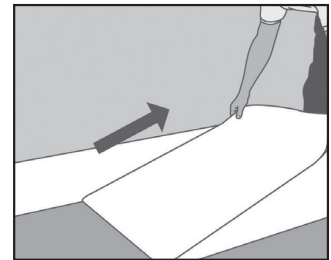

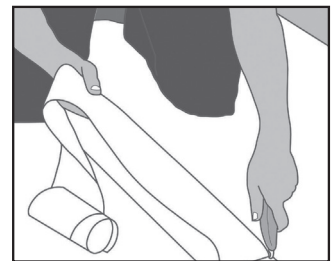

Quick and Easy —

- Immediate traffic upon completion of installation
- No adhesive mixing
- No waiting for adhesive to set-up or cure
- Welding can be done same-day
- No adhesive indentations

Cost Savings —

- Operational savings
 - Installation areas are kept fully operational, with the exception of actual installation time, saving money and inconvenience related to downtime
 - Areas surrounding installation can operate normally since nora[®] dryfix emits no harmful toxins or smells, saving inconvenience and expenses related to temporary relocation
- Installation savings
 - Reduced installation time
 - Installation over smooth surface flooring saves removal costs
 - Installation over non-porous subfloors saves expense of mechanical preparation (shot blasting or grinding)

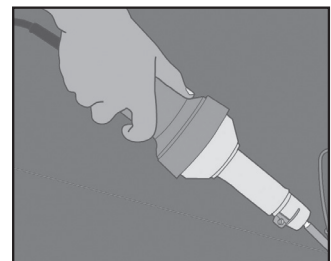

Environmentally-Friendly —

- No adhesive smell
- Extremely low VOCs - GREENGUARD Indoor Air Quality Certified[®]
- CA 01350 compliant
