

nora[®] pro steamer

YOUR OCCUPIED SPACES, DEEP CLEANED WITH STEAM.

The quiet, non-disruptive cleaning power of steam gives you the ability to deep clean smaller spaces and hard to reach areas while still supporting a calming healing environment. Using only distilled water to create superheated dry steam – your patients will breathe easy and enjoy an improved experience in their clean surroundings.

- **Improved patient experience** easily provide a sanitary atmosphere and maintain optimum appearance
- **Quick turnaround time** compact machine allows you to clean occupied spaces fast and efficiently
- **Continuous refill capacity** no delays waiting for the tank to cool down, just add more water and continue
- **NO smell** zero VOC's contribute to improved air quality
- **NO chemicals** just water and the power of steam
- **Everyday cleaning with innovative microfiber technology** specially designed microfiber pad does not become saturated, resulting in rapid drying time
- **Scrubbing pad for tougher spots** organic crushed walnut shells make this more aggressive cleaning pad not only effective, but scratch resistant and unique
