nora[®] nTx

Saves time and money

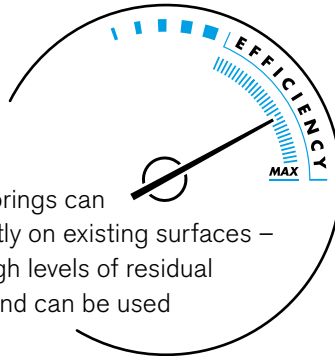

Fast

With nora nTx you can lay floorings quickly and easily in a few simple steps – with no waiting time.

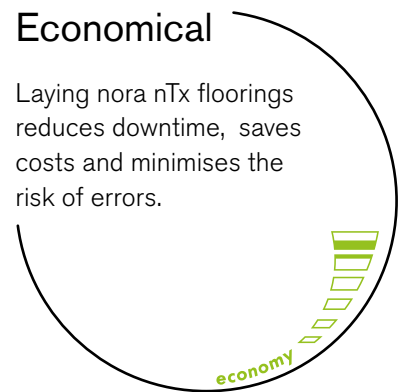

Efficient

nora nTx floorings can be laid directly on existing surfaces – even with high levels of residual moisture – and can be used immediately.

Economical

Laying nora nTx floorings reduces downtime, saves costs and minimises the risk of errors.

... when time is a decisive factor

In some situations, renovations and the downtime they cause can result in very high costs. When time is a decisive factor, nora nTx is the perfect solution. Whether for buses or in rail vehicles, choosing nora nTx saves you time and money. And you also get to benefit from the high quality and reliability of nora rubber flooring systems.

nora nTx combines the proven properties of nora products – elasticity, durability and easy cleaning – with innovative installation technology. This self-adhesive flooring can be used immediately after installation.

nTx

Whether in buses, light rail or heavy rail, high speed trains or subways – the flooring can be laid so quickly that the journey continues before anyone notices the new floor covering.

nora nTx is suitable for all types of buses and rail vehicles. Saves time and money. No drying time and no waiting.

nora[®] nTx

The revolutionary quick installation system

A complete flooring system for all areas in the rail and bus industry – easy to lay with instant bonding. Simple, effective and super fast.

© nora

nora nTx is a unique technology for professional installers to lay nora rubber flooring systems.

Because the powerful adhesive is factory-fitted, nora nTx is as simple as it is ingenious.

In a few simple steps, the flooring can be cleanly and safely installed and used immediately. It can be laid on all types of subfloors, as well as directly on top of existing flooring.

The challenges of conventional laying processes – such as applying the correct amount of adhesive or ensuring sufficient wetting, drying and waiting time before and after laying – are all a thing of the past. And the result is just as durable, sturdy and safe as you would expect from nora floor coverings.

nora nTx is available for all noraplan[®] products used in the rail and bus industry.

Experience the advantages of nora nTx for yourself.

nora nTx.
Lay it. Stick it. Use it.
